

Invest in Afterschool!

Afterschool programs in New Mexico help our youth make safe, healthy choices.

Afterschool is a place that sparks passion and fuels imagination. It helps young people discover who they are and what they love to do. Students in afterschool programs learn by doing, strengthen their social skills, and prepare for the jobs of tomorrow.

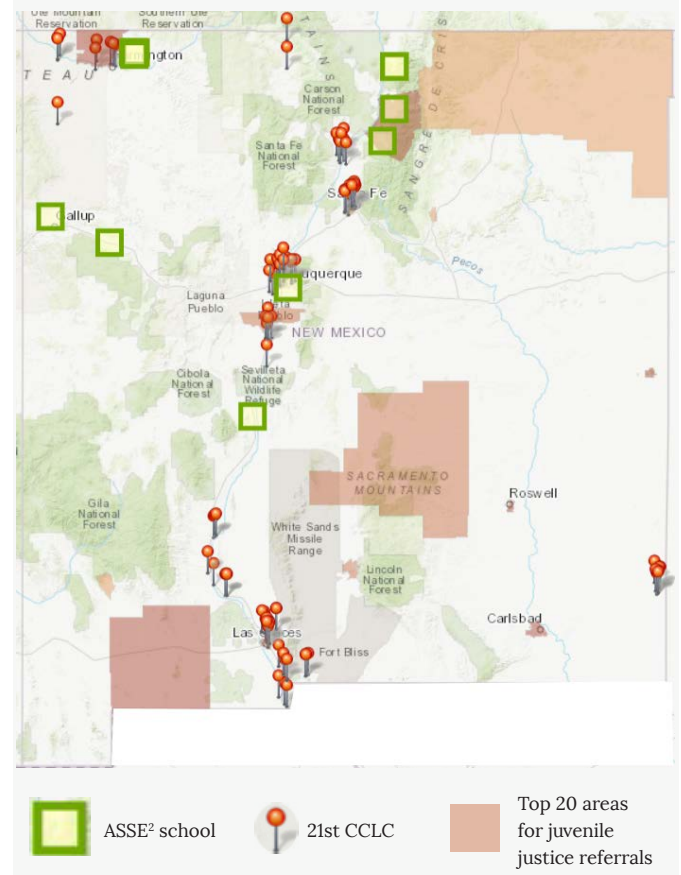

Afterschool programs also allow parents to focus on providing for their families—rather than worrying about whether their children are supervised or coordinating rides. Parents need flexible, affordable options after the school bell rings, and to know their children are safe; afterschool provides that assurance.

Finally, afterschool is a safe haven that helps children and teens avoid risky behaviors, online and offline, during the hours of 3 to 6 p.m., when juvenile crime and victimization peaks. Roughly 70,000 New Mexico children are unsupervised during that window.

Regular attendance in out-of-school time programs like afterschool and summer learning can:

- ▶ **Reduce disciplinary incidents.** One study reported a 23 percent reduction in disciplinary incidents among students attending out-of-school time programs.
- ▶ **Reduce risky behaviors** like drug use and aggression, among others.

Of the 20 New Mexico areas¹ with the highest rates of juvenile justice referrals, 14 have neither state-funded ASSE² schools nor 21st CCLC funding.

We must invest in afterschool!

Every **\$1** invested in afterschool programs saves **\$3** by:

- ▶ Increasing students' earning potential
- ▶ Improving students' academic achievement
- ▶ Reducing juvenile crime and delinquency
