

Invest in Afterschool!

Afterschool programs in New Mexico help our youth make safe, healthy choices.

Afterschool is a place that sparks passion, fuels imagination and fosters leadership, collaboration and responsibility. It helps young people discover who they are and what they love to do. Students in afterschool programs learn by doing, strengthen their social skills, and prepare for the jobs of tomorrow.

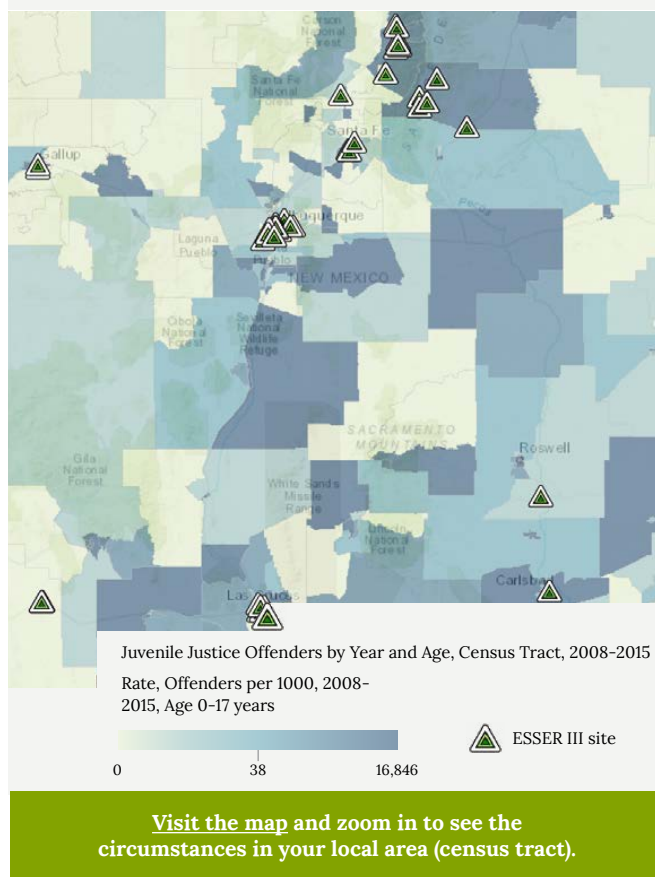

Afterschool programs also allow parents to focus on providing for their families—rather than worrying about whether their children are supervised or coordinating rides. Parents need flexible, affordable options after the school bell rings, and to know their children are safe. Afterschool provides that assurance.

Finally, afterschool is a safe haven that helps children and teens avoid risky behaviors, online and offline, during the hours of 3 to 6 p.m., when juvenile crime and victimization peaks. Roughly 60,000 New Mexico children are unsupervised during that window.

Regular attendance in out-of-school time programs like afterschool and summer learning can:

- ▶ **Reduce disciplinary incidents.** One study reported a 23 percent reduction in disciplinary incidents among students attending out-of-school time programs.
- ▶ **Reduce risky behaviors** like drug use and aggression, among others.

While ESSER III sites serve many New Mexico children, areas of the state with high rates of juvenile delinquency lack state or federally funded programs.

We must invest in afterschool!

Every **\$1** invested in afterschool programs saves **\$3** by:

- ▶ Increasing students' earning potential
- ▶ Improving students' performance at school
- ▶ Reducing crime and juvenile delinquency

New Mexico Out-of-School Time Network

The New Mexico Out-of-School Time Network brings together diverse stakeholders interested in ensuring positive youth development opportunities and outcomes through afterschool programs. Our vision is:

- ▶ Increased access to quality out-of-school time programs for children and youth, regardless of income
- ▶ Equitable funding for out-of-school time programs across the state
- ▶ Every child can name one caring adult
